

## LSA PERFORMANCE SN 10W40

### DESCRIPTION

**LSA PERFORMANCE SN 10W40** is a premium SAE 10W/40 fuel efficient engine oil designed for the professional workshop and made using the latest synthetic technology base oils. It has been designed for petrol, LPG, and hybrid engine vehicles that require a 10W40 engine oil meeting the rigid requirements of the API SN performance standard.

**LSA PERFORMANCE SN 10W40** meets the latest API SN SAE 10W40 performance specification, which provides much improved resistance to engine sludge formation, lower piston deposits and increased wear protection than previous and lower API performance standard grades.

Meets the following performance requirements:

- SAE Grade 10W/40
- API SN / SM

Not suitable for Diesel engines.

**Package sizes**      **1000 litre**  
                                 **205 litre**  
                                 **20 litre**

### APPLICATION

**LSA PERFORMANCE SN 10W40** is designed for use in modern multi-cam, multi-valve (including VVT) naturally aspirated, super charged & turbocharged engines including Hybrids. Suitable for use in modern petrol, LPG and Hybrid vehicles including those running on Ethanol fuel blends.

It Can be used where previous API performance specifications (API SM, API SL and API SJ) were recommended.

### TYPICAL CHARACTERISTICS

Properties	Unit	Value
SAE Grade		10W/40
Viscosity @ 40°C	cSt	68
Viscosity @ 100°C	cSt	10.5
Viscosity Index		140
Density @ 15°C	g/ml	0.874
Flash Point COC °C		205
Pour Point °C		-36
